

DEEP PANUKE

EXPRESSION OF INTEREST (EOI): Notice of Disposal of Surplus

DISPOSAL OF HALLIBURTON DOWNHOLE COMPLETIONS COMPONENTS

Bids Category: 0200, 0800, 0900

Package number: EC070 – Disposal of Surplus Halliburton Downhole Completions Components

Issue date: 23 August 2019

Closing date: 9 September 2019

GENERAL

Encana Corporation (Encana) is the owner and operator of the Deep Panuke natural gas project in Nova Scotia's offshore. The project includes facilities required to produce natural gas from the Deep Panuke field, located approximately 175 kilometers offshore Nova Scotia. Encana ceased production from Deep Panuke in 2018 and has begun the work required for decommissioning activities.

The decommissioning of the Deep Panuke facilities will include the disposal of surplus unused Halliburton Downhole Completions components related to the Project's Well Completions Program in 2010. These surplus components are currently located in Dartmouth, NS and available for sale in the Fall of 2019.

Companies interested in any of Encana's Deep Panuke Downhole Completions components listed below are requested to express their interest to receive a future formal bid package. Encana reserves the right to issue individual surplus packages for bid, dependent on which alternative offers the best value to Encana. Encana reserves the right to make the final determination of which material may be packaged for bid and which firms will be invited to bid.

All surplus materials will be offered on an "AS IS, WHERE IS" basis at Encana's warehouses and shorebase in Dartmouth, NS. Encana will be responsible to load materials on Purchaser provided transportation. All transportation costs shall be the responsibility of the successful Purchaser. Successful Purchasers will be required to make payment by certified cheque, prior to taking delivery of materials.

Equipment, materials, and quantities listed below are representative only. Detailed Lists will be available with issuance of any formal Bid Invitations.

Encana seeks companies interested in purchasing the following:

Scope of Surplus Materials – Deep Panuke:

Halliburton Downhole Completions Components

Material Grades: Incoloy 925, Incoloy 825, Inconel 718
