Canada Nova Scotia Benefits & Supplier Diversity

Interested vendors must comply with the provisions of Section 45 of the Canada-Nova Scotia Offshore Petroleum Resources Accord Implementation Act to provide a full and fair opportunity to participate on a competitive basis. It also requires opportunities to Canadians, and in particular, members of the labor force of the Province of Nova Scotia. Contractors will be expected to review all positions and provide first consideration for employment to residents of Nova Scotia when they are qualified and technical quality or safety operations are not compromised. Contractors interested in providing services, if they are selected to bid, will be required to complete a Canada-Nova Scotia Benefits Questionnaire at the bid stage.

Noble encourages the participating of members of designated groups (women; Aboriginal peoples; persons with disabilities; and members of visible minorities) and corporations or cooperatives owned by them, in the supply of goods and services.

Health, Safety, Environment & Security Requirements

The safety of our people is Noble's greatest responsibility and we believe every job can and must be done safely. Every Noble employee or contractor is accountable for conducting operations in a safe and environmentally responsible manner every minute of the day. We are stewards of our global natural resources and our collective efforts assure that current and future generations will enjoy the benefit of a cleaner environment. Interested contractors must have a comprehensive Health, Safety, and Environment program along with a Quality Management System. Contractor personnel will be expected to participate in and comply with all requirements of Noble's HSE Programs and any other regulatory compliance.
