### EXPRESSION OF INTEREST (EOI): Medical Services

**Bids Category:** 9408

**Package number:** SBM NS 24 – Medical Services

**Issue date:** 27 November 2013

**Closing date:** 11 December 2013

### GENERAL

**SBM Nova Scotia Contractors Inc.** was awarded by Encana Corporation the Production Field Centre (PFC) Start Up and Operations Contract- for the Deep Panuke offshore gas development project.

The PFC, which contains all of the main facilities, is located approximately 250 km southeast of Halifax, Nova Scotia, Canada approximately 47 km west of Sable Island and in approximately 44 metres water depth.

The PFC will be capable of producing up to 8.5 x 106 m<sup>3</sup>/day (300 MMscfd) of natural gas from subsea wells. Each subsea well has its own dedicated flowline and umbilical. The Deep Panuke reservoir fluids contain H<sub>2</sub>S and CO<sub>2</sub> which will be removed from the fluid stream during processing on the PFC and disposed of into a dedicated subsea acid gas injection well. The market ready processed gas is exported to shore via a single subsea pipeline with landfall close to Goldboro, Nova Scotia and onward interconnection with the Maritimes and Northeast Pipeline (M&NP) for markets in Canada and the United States. The subsea export pipeline is approximately 176 km in length.

SBM Nova Scotia Contractors Inc. is committed to providing opportunities for Nova Scotian and Canadian companies through employment, procurement and contracting on an internationally competitive basis, with full and fair opportunity for Nova Scotians and Canadians, and first consideration to Nova Scotians where competitive on a best value basis.
