

DEEP PANUKE PROJECT

Request for Quotation: HVAC Air Cooled Condensers

Bids Category: 3100

Package number: RFQ 071-S-700015/2014

Issue date: 24 February 2014

Submission of Vendor Qualification Questionnaire by: February 28, 2014

Closing date: 17 March 2014

GENERAL

SBM Nova Scotia Contractors Inc. was awarded by Encana Corporation the Production Field Centre (PFC) Start Up and Operations Contract- for the Deep Panuke offshore gas development project.

The PFC, which contains all of the main facilities, is located approximately 250 km southeast of Halifax, Nova Scotia, Canada approximately 47 km west of Sable Island and in approximately 44 metres water depth.

The PFC will be capable of producing up to 8.5 x 10⁶ m³/day (300 MMscfd) of natural gas from subsea wells. Each subsea well has its own dedicated flowline and umbilical. The Deep Panuke reservoir fluids contain H₂S and CO₂ which will be removed from the fluid stream during processing on the PFC and disposed of into a dedicated subsea acid gas injection well. The market ready processed gas is exported to shore via a single subsea pipeline with landfall close to Goldboro, Nova Scotia and onward interconnection with the Maritimes and Northeast Pipeline (M&NP) for markets in Canada and the United States. The subsea export pipeline is approximately 176 km in length.

SBM Nova Scotia Contractors Inc. is committed to providing opportunities for Nova Scotian and Canadian companies through employment, procurement and contracting on an internationally competitive basis, with full and fair opportunity for Nova Scotians and Canadians, and first consideration to Nova Scotians where competitive on a best value basis.

More details about SBM Nova Scotia Contractors Inc. are available on www.sbmdeeppanuke.com website.

SCOPE OF WORK

SBM Nova Scotia Contractors Inc. is seeking qualified companies for the supply of the following Scope of Work for its Production Field Centre as per the below listed requirements:

- **Design and Fabrication of four (4) Air Cooled Condensers**

Respondents must demonstrate previous experience in providing this scope of work for an offshore installation located in Canada.

PROJECT SCHEDULE

Potential Bidders must submit a completed SBM Vendor Qualification Questionnaire prior to release of specifications. Award of contract is expected in Q1 2014.

REQUEST FOR QUOTATION RESPONDENT REQUIREMENTS

Interested firms are required to have the following implemented (i) Documented Quality Management System (ii) Documented Safety Management System that complies with their respective national HSE regulation requirements. Respondents are also advised that the Work carried out on the Deep Panuke Project shall comply fully with Canada Nova Scotia Offshore Petroleum Board Regulations.

Interested firms are requested to demonstrate their capabilities and previous experience on similar size projects via submission of the SBM Vendor Qualification Questionnaire, which can be obtained from BIDS Nova Scotia at the address provided below.

SBM Nova Scotia Contractors Inc. will review each submitted VQQ to determine if complete specification package will be issued to the potential bidder.

Pre-qualified companies will be required to complete a Canada–Nova Scotia Benefits Questionnaire, and demonstrate their commitment to and compliance with SBM requirements regarding Canada–Nova Scotia Benefits, during the tender process.

Completed Vendor Qualification Questionnaire must be received on or before **February 28, 2014, 4:00pm AST.**

RFQ responses will be required to be received on or before **March 17, 2014, 4:00pm AST**

All responses to RFQ must be clearly marked with the EOI reference number and should be directed to:
