

DEEP PANUKE PROJECT

EXPRESSION OF INTEREST (EOI): Ad Hoc Labour Support

Bids Category: 9000, 9400

Package number: SBM NS 26 – Ad Hoc Labour Support

Issue date: 10 March 2014

Closing date: 24 March 2014

GENERAL

SBM Nova Scotia Contractors Inc. was awarded by Encana Corporation the Production Field Centre (PFC) Start Up and Operations Contract- for the Deep Panuke offshore gas development project.

The PFC, which contains all of the main facilities, is located approximately 250 km southeast of Halifax, Nova Scotia, Canada approximately 47 km west of Sable Island and in approximately 44 metres water depth.

The PFC will be capable of producing up to 8.5 x 106 m³/day (300 MMscfd) of natural gas from subsea wells. Each subsea well has its own dedicated flowline and umbilical. The Deep Panuke reservoir fluids contain H₂S and CO₂ which will be removed from the fluid stream during processing on the PFC and disposed of into a dedicated subsea acid gas injection well. The market ready processed gas is exported to shore via a single subsea pipeline with landfall close to Goldboro, Nova Scotia and onward interconnection with the Maritimes and Northeast Pipeline (M&NP) for markets in Canada and the United States. The subsea export pipeline is approximately 176 km in length.

SBM Nova Scotia Contractors Inc. is committed to providing opportunities for Nova Scotian and Canadian companies through employment, procurement and contracting on an internationally competitive basis, with full and fair opportunity for Nova Scotians and Canadians, and first consideration to Nova Scotians where competitive on a best value basis.

More details about SBM Nova Scotia Contractors Inc. are available on www.sbmoffshore.com website.

SCOPE OF WORK

SBM Nova Scotia Contractors Inc. is seeking qualified companies for the supply of the following Scope of Work for its Production Field Centre as per the below listed requirements:

Ad Hoc Labour Support

Provision of labour support, on an Ad Hoc basis in the following disciplines for PFC Deep Panuke:

- Electrical
- Mechanical
- Instrumentation
- HVAC
- Production
- Deck Crew
- Fabric Maintenance

Personnel to be provided under this Scope of Work shall be fully qualified technicians, with experience and technical qualifications documentation provided, trained per CAPP and CNSOPB regulations for work in Nova Scotia offshore oil and gas industrial sector.

Respondents must demonstrate previous experience in providing this scope of work for an offshore installation and knowledge of the laws and regulation surrounding such installations located in Canada.

PROJECT SCHEDULE

A Request for Proposal (RFP) together with relevant specifications will be issued to a list of Bidders chosen from the responses to this EOI. Issue of the RFP and award of contract are expected in the first half of 2014.

EXPRESSION OF INTEREST REQUIREMENTS

EOI respondents are required to have the following implemented (i) Documented Quality Management System (ii) Documented Safety Management System that complies with their respective national HSE regulation requirements. Respondents are also advised that the Work carried out on the Deep Panuke Project shall comply fully with Canada Nova Scotia Offshore Petroleum Board Regulations.

Interested firms are requested to demonstrate their capabilities and previous experience on similar size projects via a formal response to this EOI and the Prequalification Questionnaire, which can be obtained from BIDS Nova Scotia at the address provided below.

SBM Nova Scotia Contractors Inc. will select qualified bidders using the respondents to this EOI as a guide.

Pre-qualified companies will be required to complete a Canada–Nova Scotia Benefits Questionnaire, and demonstrate their commitment to and compliance with SBM requirements regarding Canada–Nova Scotia Benefits, during the tender process.

Expressions of Interest must be received on or before **March 24, 2014, 4:00pm AST.**

All inquiries and Expressions of Interest must be clearly marked with the EOI reference number and should be directed to:
