

DEEP PANUKE

EXPRESSION OF INTEREST (EOI): PIPEWORK SERVICES

Bids Category: 0970, 4961, 5950, 5960, 9125, 9442

Package Number: SBM NS 29 – Pipework Services

Issue Date: 29 April 2015

Closing Date: 13 May 2015

GENERAL

SBM Nova Scotia Contractors Inc. (SBM NS) operates the Production Field Centre (PFC) for the Deep Panuke field on behalf of Encana Corporation.

The PFC, which contains all of the main natural gas processing facilities, is located approximately 250 km southeast of Halifax, Nova Scotia, Canada approximately 47 km west of Sable Island and in approximately 44 metres water depth.

The PFC is capable of producing up to 8.5 x 10⁶ m³/day (300 MMscfd) of natural gas from subsea wells. H₂S and CO₂ are removed from the fluid stream during processing with market ready gas exported to shore via a subsea pipeline. An interconnection with the Maritimes and Northeast Pipeline (M&NP) system transports the gas to markets in Canada and the United States.

SBM NS is committed to providing opportunities for Nova Scotian and Canadian companies through employment, procurement and contracting on an internationally competitive basis, with full and fair opportunity for Nova Scotians and Canadians, and first consideration to Nova Scotians where competitive on a best value basis.

More details about SBM NS are available on www.sbmdeeppanuke.com website. More information on Deep Panuke is available at www.encana.com/deeppanuke

SCOPE OF WORK

Pipework Services

SBM NS is seeking qualified companies for the provision of Pipework Services for its Production Field Center (PFC). Respondents should provide information to show their ability to provide:

- Nitrogen/Helium leak testing with pressures up to 90 barg.
- Nitrogen purging of pipework.
- Hot water flushing of pressure vessels and pipework.
- Hydro-jetting of equipment, pressure vessels and pipework.
- Reservoir acidizing.
- Stud tensioning and torqueing.
- Rental of stud tensioning and torqueing equipment.
- All offshore equipment to be hazardous area rated and certified for lifting offshore
- Certified technicians for offshore to have API, CAPP and regulatory training.

PROJECT SCHEDULE

A Request for Proposal (RFP) together with relevant specifications will be issued to a list of Bidders chosen from the responses to this EOI. Issue of the RFP and award of contract are expected by Q2 2015.

EXPRESSION OF INTEREST REQUIREMENTS

EOI respondents are required to have the following implemented (i) Documented Quality Management System and (ii) Documented Safety Management System that complies with their respective national HSE regulation requirements. Respondents are also advised that the Work carried out on Deep Panuke shall comply fully with Canada Nova Scotia Offshore Petroleum Board Regulations.

Interested firms are requested to demonstrate their capabilities and previous experience on similar size projects via a formal response to this EOI and the Prequalification Questionnaire, which are to be obtained from BIDS at the address provided below.

SBM NS will select qualified bidders using the respondents to this EOI as a guide.

Pre-qualified companies will be required to complete a Canada–Nova Scotia Benefits Questionnaire, and demonstrate their commitment to and compliance with SBM requirements regarding Canada–Nova Scotia Benefits, during the tender process.

Expressions of Interest must be received on or before **May 13, 2015, 4:00pm AST**.

All inquiries and Expressions of Interest must be clearly marked with the EOI reference number and should be directed to:
