

Project: Deep Panuke

Vendor: DOF Subsea Canada

Reference #: 1003233-SB-511-0001

Title: Subsea Wellhead and Structure Dismantling/Disposal Services

Issue Date: December 9, 2019

Closing Date: December 31, 2019

Description:

GENERAL

DOF Subsea Canada Corp (DOF) hereby invites interested parties to submit an Expression of Interest (EOI) and complete the Prequalification in connection with DOFs Removal of Subsea Structures, Transport & Disposal Scope of Work as part of the Deep Panuke Project on behalf of Encana Corporation in Nova Scotia, Canada.

SCOPE OF WORK

DOF Subsea requires the provision of dismantle & disposal services for several subsea infrastructure components.

Subcontractors scope of work will be as follows:

- Provision of suitable quayside with:
 - Priority access berthage with appropriate bollard capacity with minimum 8.0m water depth at LAT for a 8000GRT construction vessel.
 - Conformity with the International Ships and Port Security (ISPS)
 - Sufficient storage / laydown capacity to support multiple offshore trips / operations
 - Office space with sufficient power and amenities for Client personnel overseeing operations
 - Facility and qualified experienced personnel to perform the following services:
 - Stevedoring services
 - On site potable water
 - Inside office and welfare facility
 - On site safety personnel services
- Transportation of subsea infrastructure from the quayside to dismantling location.
- Dismantling and recycling / disposal of steelwork from 6 off structures (tubular diameters ranging from 219.1mm to 914mm. Wall thickness ranging from 5.8mm to 38.1mm). Structures will also contain a variety of structural member, small bore tubing, steel plate, etc.
- Dismantling and recycling / disposal of steelwork from 1 off 24" ball valve complete with 2 off 22" pipe spools ends located within above structure
- Dismantling and recycling / disposal of steelwork from 5 off wellheads (wellhead components consist of 30" conductor, LP&HP housing, 13.375" casing and 9.625" casing)

Structure details as follows:

Item	Dimensions			Weight		
	L (m)	W (m)	H (m)	Structure (mt)	Estimated Additional weight (mt)	Total (mt)
Structure 1 – 5	9.5	9.5	9.2 – 11.3	51.1 – 58.7	16.3 – 17.9 (marine growth)	91.6 – 103.6
Structure 6	9.7	5.3	4.5	67.7	5.9 (marine growth)	83.5
Wellhead 1 – 5	8.2 – 10.3	-	-	12.3 – 14.1	3.7 – 17.7 (cement)	16.7 – 31.1

NOTE: Structures will be delivered to quayside in one assembled piece at the weight listed above.

Waste reduction, re-use, and recycling should be subcontractors top priority during the full lifecycle of the scope. Waste disposal landfills should only be considered as a last resort.

SCHEDULE

DOF may elect to execute the work in Q3 2020, or Q2/Q3 2021.

BENEFITS COMMITMENTS

DOF Subsea is committed to providing full and fair opportunities to commercially competitive Canadian companies with first consideration given to those from Nova Scotia. At the Pre-Qualification and tender stages, companies will be required to complete Canada/Nova Scotia Benefits questionnaires to acknowledge their willingness to comply with the Deep Panuke Benefits Plan.

EQUAL OPPORTUNITY

DOF Subsea is an equal opportunity employer and as such supports diversity in the workplace. Successful suppliers and subcontractors to DOF Subsea will be required to undertake a commitment to support diversity in execution of work on the Deep Panuke Project.

RESPONSES AND SUBMISSION REQUIREMENTS

EOI respondents are required to have an implemented Safety Management System(s).

Interested firms are requested to demonstrate their capabilities and experience via a formal response to this EOI and the Prequalification Questionnaire, which can be obtained from the email address provided below.

Participation in this EOI process, including any statements or representations, whether oral or written between DOF Subsea and interested applicants, shall not create or be deemed to create, any binding legal relationship or contract.

DOF Subsea may elect to generate a pre-qualified bidders list subject to the response(s) to this EOI. DOF Subsea is under no obligation to proceed with an Invitation to Tender as a result of this EOI. Only those respondent(s) deemed acceptable by DOF Subsea will be invited to participate, in the event tenders are solicited.

To ensure all potential supply communities are informed of upcoming opportunities DOF Subsea will be posting all EOI's on bids.ca and noia.ca.

All information, correspondence and submittals must be in English and the subject line of the email must be formatted as follows: **EOI Submission - Reference Number - Title**

All inquiries and Expression of Interest should be directed to:
